

HOMEMADE PLAY DOUGH

- 1 Cup All-Purpose Flour
- 1 Cup Water
- 2 Tbs Cream of Tarter
- 1/4 Cup Salt
- 1 Tbs Vegetable Oil
- 3-6 drops of Gel or liquid food coloring

Combine flour, cream of tarter, and salt in a a medium size pot.

Stir in water, food coloring and oil.

Bring pot to medium heat, stirring continuously until dough pulls away from sides and forms into a ball.

Pour dough out onto table, and knead until combined.

Optional: Add in a few drops of your favorite essential oil (we love lemon and peppermint), and glitter for a little extra sparkle.

Your dough is now ready for play!

Store in a gallon size ziplock bag, or a glass mason jar. Keeps for months of play.
